

Why A.D.H.D. Doesn't Mean Disaster

Walter L. Larimore M.D. & Dennis Swanberg

LIVE VIA SATELLITE Only On CCN

What exactly is ADHD? Is my child doomed if he or she has it?

There are a lot of questions and misperceptions about Attention Deficit Hyperactivity Disorder. One thing is certain:

ADHD affects real families.

Why ADHD Doesn't Mean Disaster is a special CCN broadcast designed to provide parents, teachers and ministry leaders with a realistic and encouraging perspective on ADHD.

"To unlock the potential in your child will require some work on your part," says Dr. Walt Larimore, head of Focus on the Family's medical ministry and host of the broadcast, "but it will be well worth it."

There is hope beyond the hype.

Walter L. Larimore, MD is Vice President of Medical Outreach for Focus on the Family, and the best-selling author of a number of books, including *Why ADHD Doesn't Mean Disaster*.

Dennis Swanberg is a public speaker and the host of TBN's "Swan's Place". He is coauthor of *Why ADHD Doesn't Mean Disaster*.
