EXTRAORDINARY LIVING EVERY DAY

Elevate is a formula-busting, cliché-erasing multimedia extravaganza featuring key leaders of our time, music for a new generation, and practical training relevant to our day. It's not a conference, concert, or convention – it's all three with extras thrown in.

It's all aimed at college students and young professionals, encouraging them to fuse faith, life, and career and reveal Christ to their everyday world. It's about living an extraordinary life in your ordinary world, every day.

CCN will broadcast live via satellite on Saturday, January 24, from the three-day Elevate event in Dallas, Texas -- Plus, the simulcast will feature taped segments from Thursday and Friday sessions.

Speakers include Josh McDowell, Peggy Wehmeyer, Janet Parshall, Victoria Jackson, Kirk Cameron, Bob Reccord, and many more!

Music by David Crowder Band.
